

# Abdulqahar Mukhtar Abubakar

📍 Kano, Nigeria | 📞 +2348096357705 | ✉️ abdulqahar47@gmail.com | 🌐 Abdulqahar47 | 📱 Abdulqahar47

## Summary —

MTech Data Science with strong research experience in machine learning, deep learning, and natural language processing. Skilled in developing AI systems, including reinforcement learning-based chatbots and text classification models. Experienced in conducting experiments, analyzing complex datasets, software development, and mentoring students. Motivated to pursue doctoral research to advance AI, with interests spanning multilingual NLP, knowledge graphs, and computer vision.

## Skills

**ML / AI** TensorFlow, Hugging Face, RL, NLP  
**Coding** Python, R, PHP, C++, C#.Net, Scala, Java  
**Data** Pandas, NumPy, SQL, Experiment Design  
**Database** MySQL, PostgreSQL, HSQL, SQLite

**Web Dev** HTML, CSS, JavaScript, Apache Web Server  
**OS** Linux, Ubuntu, Android, Windows, Mac  
**Testing** Pytest, Docker, Senelide, Jenkins, Selenium  
**Tools** Git, AWS, GCP, Jupyter, VS Code

## Experience

### Ihope Global Services — Kano, Nigeria

Nov 2023 – Jan 2026

Senior Data Scientist

- Led data-driven analytics and ML initiatives contributing to 75% revenue growth.
- Applied NLP techniques to analyze customer feedback and extract actionable insights.
- Developed data pipelines and dashboards to support business decision-making.
- Built and optimized machine learning models for predictive analytics.
- Deployed and managed cloud-based data workflows on Azure.
- Mentored junior data scientists and guided data-driven project development.

### Pine Labs — Bangalore, India

Sep 2022 – Aug 2023

Graduate Technical Intern (QA Engineer)

- Automated testing with Selenium/Selenide and maintained CI/CD pipelines to improve QA efficiency.
- Performed functional, regression, and performance testing, resolving critical pre-release bugs.
- Collaborated with developers on test plans, cases, and software improvements.
- Managed Git-based.
- Mentored junior QA engineers, enhancing team skills and performance.

### Yusuf Maitama Sule University — Kano, Nigeria

Sep 2021 – Nov 2022

Research Assistant (Department of Computer Science)

- Supported computer science research, including experiment design, data analysis, and academic publications.
- Mentored students in programming and research, enhancing technical skills and problem-solving abilities.
- Assisted faculty with exam administration and academic coordination.

### Yusuf Maitama Sule University — Kano, Nigeria

Aug 2019 – Nov 2020

Lab Technician — NYSC (Department of Computer Science)

- Conducted Arduino and Java practical sessions, guiding students through projects and coding exercises.
- Provided technical support and troubleshooting during labs and exams.
- Assisted faculty in developing and updating lab materials for programming and hardware courses.

## Education

### Amrita Vishwa Vidyapeetham, Bangalore, India

2021 – 2023

Master of Technology in Data Science

First Class with Distinction

### Yusuf Maitama Sule University, Kano, Nigeria

2015 – 2019

Bachelor of Science in Computer Science

First Class Honours

### Base university, Abuja, Nigeria

2024 – 2025

Professional Diploma in Artificial Intelligence

Distinction

Research Publications

Journal Articles —

1. A. M. Abubakar, D. Gupta, and S. Vekkot, "Development of a diacritic-aware large vocabulary automatic speech recognition for hausa language," International Journal of Speech Technology, pp. 1–14, 2024.

Conference Proceedings —

1. A. M. Abubakar, G. Deepa, M. Venugopalan, and A. Aggarwal, "Enhancing emotion analysis: A multitasking approach for emotion classification and intensity prediction using stacked ensemble method" in International Conference on Machine Learning and Data Engineering, Springer, 2026

2. A. M. Abubakar and G. Deepa, "A reinforcement learning approach for an intelligent conversational chatbot for enhancing mental health therapy," in International Conference on Machine Learning and Data Engineering, Springer, 2023.

3. A. V. Kumar, A. Wagh, A. M. Abubakar, J. Amudha, and K. Chandrika, "Assessing reading patterns of learners through eye tracking," in International Conference on Multi-disciplinary Trends in Artificial Intelligence, Springer, 2023, pp. 766–777.

4. A. M. Abubakar, D. Gupta, and S. Palaniswamy, "Explainable emotion recognition from tweets using deep learning and word embedding models," in 2022 IEEE 19th India Council International Conference (INDICON), IEEE, 2022, pp. 1–6.

Professional Membership —

- 1. Data Science Nigeria (DSN)
- 2. Practical Artificial Intelligence Development Foundation (PAIDF)
- 3. Nigeria Computer Society (NCS)

Academic Service —

- 1. Reviewer for International Journal of Speech Technology (IJST)
- 2. Reviewer for Journal of Artificial Intelligence and Applications (AIA)
- 3. Invited Guest at the First Technical Webinar of the Practical Artificial Intelligence Development Foundation (PAIDef), titled: "Methods for Developing NLP Resources for the Hausa Language"

Certification —

- 1. Building Trustworthy AI Systems: Transparency, Explainability, and Control with ISO/IEC TR 24028. LinkedIn.
- 2. Data Science Foundations: Knowledge Graphs. LinkedIn.
- 3. GraphRAG Essential Training. LinkedIn.
- 4. Hands-On AI: Knowledge Graphs for Generative AI Use Cases. LinkedIn.
- 5. Clinical Natural Language Processing. University of Glasgow.
- 6. Advanced Computer Vision with Tensorflow. DeepLearning.AI.
